

A MAN AND WOMAN  
ARE BURIED ALIVEBRUTAL WORK OF A MOB IN  
KENTUCKY.

Appalling Tragedy Enacted in Marion County—The Victim's Child Pleads in Vain For Her Father's Life—No Attempt at Secrecy—Action a Disgrace to a Civilized State.

Lexington, Ky., Dec. 30.—On Cartwright creek, in Marion county, Saturday night a mob of about fifty men surrounded the house of Mrs. T. J. West and called for W. A. Deveres. Mrs. West came to the door and asked what was wanted. The mob fired on her and she ran back. The men continued to fire and as Deveres did not make his appearance they applied the torch to the house. The blackened and disfigured corpses of the victims were found in the ruins of the woman's home yesterday.

The tragedy was one of the most brutal ever enacted. Despite the pleadings for her father's life of a half-clad, frightened child, and the prayers and tears of the ill and helpless woman, the mob went through with its work with cold-blooded, cruel deliberation, and only left when certain that both man and woman were dead.

Several months ago Deveres, a middle-aged widower, and Thomas West, a prosperous farmer, began a quarrel which continued throughout the fall until West instituted divorce proceedings and declared Deveres must die. The men met in Lebanon. West snapped his revolver, which missed fire, and Deveres killed him on the spot. On the plea of self-defense the murderer secured bail and scandalized the neighborhood by taking his two daughters and moving into West's house. The relatives of the murdered husband swore vengeance and Saturday night it came. Close to 10 o'clock a band of men rode up to the West homestead and demanded admittance.

"Tom West is dead. Now it's your turn," the spokesman called, and Deveres awoke to find the house surrounded. Mrs. West rushed to a darkened window and began a wild appeal for mercy. A dozen bullets answered her cries, and the demand for immediate surrender was repeated. Deveres asked for a hearing, but his request was greeted with a shower of shots.

"We'll give you ten minutes to open up. Then you burn," said the mob's leader, and his men quietly retired from the door. A hurried consultation was held inside the house, and then, white and terror-stricken, the little girl of Deveres was thrust out to plead with the mob. Clad in her nightgown, barefooted and unprotected, she bravely walked out into the moonlight and sobbed out a prayer for her white-haired father's life.

"Get out. You're liable to get shot yourself," a ruffian said, and thoroughly panic-stricken, the child fled to the cabin of a negro neighbor.

Mrs. West then appeared at the door and made a last appeal for mercy. It was unavailing, and in another moment the house was fired.

The shrieks of the imprisoned wretches failed to move their torturers, who, after the flames reached the living-room, could see the man and woman in the agony of death by fire. Just before the roof fell the woman was seen to reel across the room and plunge headlong into the fireplace among the burning coals, and there she died.

MWild with pain, Deveres, at the last moment, made a dash for liberty, but a score of bullets stopped him half a dozen steps from the door.

In the morning the little girl led her negro protector to the scene, and there the bodies, scorched beyond recognition, were found. There is but little doubt that the members of the mob will be captured, as they were without masks and made no attempt at secrecy.

The child of Deveres, who was a witness to the tragedy, is dangerously ill as the result of the fright and exposure, but upon her recovery she may be able, it is hoped, to identify some of the lynchers.

Justice Nave late yesterday afternoon held an inquest upon the bodies of the victims. Several witnesses were examined, but nothing tending to incriminate any one was developed. Deveres formerly lived in Knoxville, Tenn.

**Bimetallism Discussed.**

Indianapolis, Ind., Dec. 30.—The American Economic association, composed of some of the leading thinkers of the country, held its second session in this city Saturday, with over 100 members in attendance. The principal feature of the proceedings was the discussion of the practicability and desirability of bimetallism as it relates to commercial transactions. General Warner of the Bimetallist league defended the theory of bimetallism in a well-received address. The addresses, as a whole, showed that the educators of the east, without exception, are gold advocates, while those of the west are in favor of bimetallism. It is expected that there will be some discussion of the Venezuelan question today.

**Called States Demands Indemnity.**

London, Dec. 30.—A dispatch from Constantinople says that the United States has demanded from the Porte the payment of a large indemnity for the losses sustained by American missionaries in Asia Minor.

## FOUR AMERICANS MURDERED.

Shot as Spies by the Authorities of a Bolivian Town.

La Paz, Bolivia, Dec. 30.—Four American citizens, Charles Joiner, George Miner, Alfred Heard and Thomas Caldwell, arrived at Chuquisaca last week after a five weeks' journey from Brazil, where they had been working for years and had amassed considerable fortunes, which they were taking home. In a gambling saloon a quarrel was started, in which thirty persons threw themselves on the friendless Americans.

Finally the police arrested the Americans, letting the natives go free. The Americans were taken to a filthy jail, left two nights and one day without food, and, after the semblance of a trial in which they were accused of being spies and were not allowed to send a message to the American consul, they were sentenced to death. The sentence was carried into execution on Thursday noon publicly. Their horses and other property have disappeared, but it is known they have been distributed among friends of the officials of Chuquisaca.

## SILVER MEN COMBINE.

Three Leading Bimetallic Organizations Consolidate.

Chicago, Dec. 30.—Three of the leading bimetallic organizations of the United States have consolidated. The new organization will be known as the American Bimetallic union. During the last week representatives of the American Bimetallic league, National Silver committee and National Bimetallic union have been in conference considering plans for the consolidation of these organizations. Saturday night a basis of agreement was reached.

So far as selected the officers will be: Gen. A. J. Warner, late president of the American Bimetallic league, president; Edward B. Light of Denver, late secretary of the National Bimetallic union, secretary. Other officers and an executive committee of nine will be named later. Membership in the union will be free, the cost of administering affairs being met mainly by contributions.

## Trouble Feared in the Transvaal.

Johannesburg, Dec. 30.—The political situation here is acute on account of the struggle of foreigners in the Transvaal to obtain equal political rights with the Boers. There are persistent rumors of a secret arming of the miners and warlike preparations, on account of which ladies and children are leaving. Gen. Joubert, commander-in-chief of the Transvaal forces, has been summoned to Pretoria from Natal. The Americans and Germans are siding with the Transvaal government in the controversy over conceding rights to foreigners.

## Demand Sugar Bounty.

Omaha, Neb., Dec. 30.—The Oxnards have made claim upon the state for \$40,000, the amount due them under the beet sugar bounty act of the last legislature, which, however, did not make special appropriation to pay the bounty. Auditor Moore has drawn warrants for the amount, but Treasurer Bartley will not pay them out of the general fund, as he holds he cannot legally do so. It is probable the beet sugar makers will have to wait a special appropriation before they can get their money. It is reported that mandamus proceedings will be instituted.

## Fire at Hartford, Kan.

TO BE A DULL WEEK  
AT THE CAPITALCONGRESS NOT EXPECTED TO  
DO MUCH.

Senate Is Unlikely to Act Quickly On Either the Revenue or Bond Bill—Latter Measure Passed the House Saturday Afternoon—General Washington News.

Washington, Dec. 30.—The program in the senate today is to perfect the reorganization of the committees, listen to a speech by Senator Lodge on the Monroe doctrine, to refer the bond bill to the finance committee and then adjourn over until Thursday, unless the house can be prevailed upon to adjourn over until the following Monday. In case of a session on Thursday there will, in all probability, be a slim attendance, with another adjournment until Monday, Jan. 6. The adjournment over is almost certain, unless a financial debate should be unexpectedly sprung.

Some of the members of the finance committee have expressed the hope that the revenue bill might be reported in some shape by Thursday and if it should be more or less talk in the senate would result.

The organization of the committee will proceed through the adoption of a resolution for the appointment of the list which Senator Mitchell will offer, embracing the republican and populist assignments as made by the republican caucus and the democratic assignments as made by the democratic caucus. It is not known yet whether a yea and nay vote will be demanded. If such a demand is made it is presumed that the populists will either vote with the republicans or refrain from voting altogether. Senator Allen will explain the position of the populists with regard to organization when the question comes up.

The program is for an immediate adjournment on Thursday until Friday and from Friday until Monday, Jan. 6. The house on Saturday passed the bond bill by a vote of 170 to 135. The closing hours of the debate were lacking in spirit and there was practically no excitement until the vote was taken.

The margin of thirty-three, by which the first section of the bill passed, showed that the friends of the measure had marshaled every available vote in its favor. As it was, forty-seven republicans refused to act with the majority of their party. The populists and democrats, with the exception of Mr. Hutchison (Tex.), who voted for the bill, presented an unbroken front against the bill.

The bill, as passed, amends the resumption act so as to permit the issue of 3 per cent coin bonds redeemable after five years at the pleasure of the government and payable in fifteen years, with the specific proviso that nothing in the bill shall be construed to repeal the act of 1878 for the reissue of greenbacks, and that the bonds shall first be offered for subscription at the subtreasuries and depositories of the United States. The second section of the bill provides for the issue of three-year 3 per cent debt certificates of denominations of \$20 and multiples thereof in amounts not exceeding \$50,000,000 to meet temporary deficiencies.

## ENVOY FROM VENEZUELA.

Gen. Usiar Says President Crespo Will Appoint a Commission.

Washington, Dec. 30.—General Targe Usiar, special commissioner to the United States from Venezuela is here with his family. General Usiar, who is commander of one of the five army corps of Venezuela, was appointed a commissioner to come to the United States and watch the negotiations with Great Britain regarding the boundary dispute. President Crespo will, General Usiar says, as soon as President Cleveland announces the Venezuelan commission, appoint a commission of five of the most representative citizens of the South American republic to come to the United States and convey to President Cleveland, the congress and the country the thanks and appreciation for the good will shown by the United States government in its announcement of the intention to fearlessly enforce the Monroe doctrine.

## Mississippi Capitol Is Unsafe.

Jackson, Miss., Dec. 30.—Recent investigations of the condition of the state capitol have demonstrated the fact that it is in an absolutely unsafe condition. The tower leans to the south six or eight inches, far enough to pull out the purlins, which rested five or six inches on the brick wall, and caused them to hang loose. The dome is separated from the walls by a space of five inches for half its circumference, and new cracks are appearing in the walls daily. Experts who have examined the building say it is liable to collapse at any moment.

## Victims Blamed for the Disaster.

THE CUBAN ARMY  
DIDN'T RETREATREVOLUTIONISTS THREATEN  
HAVANA.

Report of a General Back Down Is Denied—Captain-General Campos Is Fortifying the City in Expectation of an Attack—The Situation at the Seat of War.

Havana, Dec. 30.—In spite of the reports received here that the main body of the insurgents had retreated from the province of Matanzas and were once more in Santa Clara, reports continue to come in of damage done at various points in Matanzas and of threatening movements of bodies of insurgents. Whether these are wandering and isolated bands cannot be estimated accurately. An engagement with an insurgent band is also reported from the province of Pinar del Rio, the westernmost on the island.

Nothing authentic is known of the immediate whereabouts and doings of Gomez and his forces, who are said to be threatening Cienfuegos. Nothing has been heard from there lately, though several skirmishes are said to have occurred in Santa Clara province, with the result that fifteen insurgents were killed and nine taken prisoners. The insurgents seem to be still in considerable force in the neighborhood of Cardenas and Cimarones. The bands of Pancho and Perez, who are said to be retreating, burned the station at Murga and destroyed several houses at La Guinallas. They also plundered the stores at Contreras.

## FORTIFYING HAVANA.

Capt.-Gen. Campos Providing Against an Attack on the City.

Tampa, Fla., Dec. 30.—Passengers arriving from Cuba report active operations around the fortifications in Havana commanding the harbor entrance. Passengers saw four immense eighty-ton improved guns, with many smaller ones, which are soon to be placed in position on the railroad from Havana to San Antonio. Explorers, or freight trains, precede all passenger trains. It is very difficult to man these bomb-hunting freight trains. General Calzota Garcia arrived from New York last night.

## Tired of White Domination.

Guthrie, O. T., Dec. 30.—The Iowa Indians have closed a lease with the Kaw tribe for 15,000 acres of land in the reservation of the latter tribe. The Iowas will erect a village there and live off the rentals of their fine allotted lands east of here, which they are leasing to white farmers. They say they are tired of living apart on their allotments scattered among the whites, who will not associate with them and who use every opportunity to cheat them. Being citizens, they propose to live as they please and be no longer bossed by the Indian bureau.

## Details of Armenian Massacres.

London, Dec. 30.—A Constantinople letter in the Times summarizes and tabulates from consular and other sources the Armenian massacres in the last two months. There are many places from which there are no details yet, but where known the total is 18,000 killed. Turkish statistics give the killed in the towns at 20,000, with 2,500 villages destroyed, and the number of killed in them is unknown. It is estimated that there are 425,000 starving.

## Shoots His Aged Father.

Cairo, Ill., Dec. 30.—At Franks, Mo., about ten miles from this city, Cornelius Burkhardt, a prominent saw mill man of this county, was shot by his son Edward, and will die from the wounds inflicted, which are just over the heart. Two sons of Burkhardt's were quarreling and his attempt to stop them enraged Edward so that he emptied a shotgun in his father's side. The wounded man is 73 years of age and his son is 23.

## Will Make Its Convicts Useful.

Little Rock, Ark., Dec. 30.—The state has closed a contract with the Pouché Planting company whereby nearly 300 convicts were let for the next year. The convicts will be employed on a plantation of 3,000 acres ten miles below this place. Only cotton will be cultivated. When the crop is gathered it is to be divided half and half. Some 400 or 500 convicts will be let on the same terms if responsible parties can be found willing to take them.

London, Dec. 30.—The correspondent of the Standard at Constantinople says: "It will be needless to be surprised at any day at the discovery of a secret treaty between Russia and Turkey. A Russian syndicate, strongly supported by the embassy, has offered to replenish the Turkish treasury in return for a concession of a petroleum monopoly."

## THE RAILROAD POOL

Interstate Case to Be Carried to the Supreme Court.

Washington, Dec. 28.—The prosecution of the Joint Traffic Association of eastern trunk lines, recently formed in New York City, will be begun immediately by the government. The decision of the interstate commerce commission, holding the association to be a violation of the interstate commerce law, has been forwarded by Attorney General Harmon to the United States district attorney for New York with an official communication, and the latter doubtless will endeavor to prevent the carrying out of the agreement. The procedure doubtless will be by injunction against the members of the association. This, it is assumed, will be served upon several of the roads that are members, and which are within the jurisdiction of New York state. The case, after decision by the United States federal court, whichever side wins, will be appealed to the court of appeals and ultimately to the United States supreme court.

## ZINC SMELTERS COMBINE.

Gigantic Scheme to Unite All the Works of the Country.

It will unite all the zinc smelters of the country except four under one management, practically, and the result will be, the promoters claim, better prices for zinc in all branches, and a general revival of the industry. The money involved is about \$2,000,000, which is to be furnished by New York and Connecticut capitalists. The new company will control all the zinc smelters in what is known as the southwest Missouri district, embracing the zinc producing territory in Missouri and Kansas. Two smelters in Indiana will come in also.

## STRIKE MAY BE ORDERED.

Brotherhood of Locomotive Engineers Has Grievances.

Savannah, Ga., Dec. 30.—Chief Arthur of the Brotherhood of Locomotive Engineers has had further interviews with the committees representing the engineers on the Plant system. General Superintendent Dunham has referred the matter of contracts to President H. B. Plant. It is expected that Mr. Plant will either wire instructions today or come in person. It is the impression that President Plant will endorse the position his several superintendents have taken in opposition to written contracts. The engineers and firemen are said to be standing together and will act in unison. If there is a strike it will be made general, covering the system from Charleston, S. C., to Tampa, Fla., and as far west as Montgomery, Ala. The employees are averse to such a step and believe some satisfactory solution will be reached.

## JUSTIFIABLE HOMICIDE.

The Slayer of Dr. Taylor, at Weldon, Ill., Is Acquitted.

Weldon, Ill., Dec. 30.—Postmaster John A. Pace shot and killed Dr. W. H. Taylor, member of the Illinois legislature, in the postoffice here at 8 o'clock Saturday evening because of family troubles. Pace claimed he acted in self defense. One jury summoned by Coroner Jones to inquire into the cause of the shooting was unable to agree upon a verdict, and was discharged after six hours' deliberation. A second one was summoned, the evidence repeated to it, and within twenty-five minutes a verdict of justifiable homicide was returned. The majority of the people at Weldon favor Pace, while the whole country outside brands him as an assassin. Dr. Taylor will be buried in the Woodlawn cemetery here tomorrow.

## Much Gold Ore in Sight.

Deadwood, S. D., Dec. 31.—An underground survey of the ore bodies of the Two Bears Mining company claim in C-o Fino Canon has been made, and the estimate, which is said to be conservative, places the assay of the ore at \$15,000,000. The mines are located two miles east of Deadwood and are owned by the Deadwood and Delaware Smelting company, which is operating a large smelter at this place. The ore will be brought here for treatment. It is the highest grade of any large body yet discovered in the Black Hills.

## Managing a Daughter.

1. You can't do it; the man who can must be more than mortal.  
2. Give her her own way; it will save her the trouble of taking it.  
3. Pay for her dresses if you can afford it. Her dressmaker will sue if you don't.  
4. If she takes a fancy to any man you don't want her to marry, tell her your heart is set on her marrying him and swear she shall never marry any other. You can then give her a free hand and she wouldn't have him if he was the only man left.  
5. If there is any man you want her to marry kick him out of your house, forbid the servants to admit him, distribute man-traps and spring-guns and lock her in her room and vow if she marries him you won't leave her a penny. You will not have to wait long after that for the elopement.  
6. If she has no voice encourage her to sing whenever you give a party. It will attract attention to her and give your guests an excuse for complimenting her. Never mind the neighbors.  
7. If you are a poor man teach your daughter how to dance and play the piano. She can learn cooking and dress-making and these things when she is married.—Peck's Sun.

## WHAT HAS THE YEAR BROUGHT TO EACH?

DR. HODGE PREACHES A  
SERMON OF REVIEW.

Annual In-Gathering of the Congregationalists Announced By Rev. Mr. Wilder—Janesville's Need of A Christ Discussed by Rev. Mr. Southworth At All Souls.

Rev. Dr. Hodge took for his subject Sunday morning, "An Annual Reckoning," his text being the verse, "The harvest is past the summer is ended and we are not saved." He said in part:

Are we saved is the main interest and must be looked after first. If we are saved have we grown during the past year and what have been our acquisitions in Christian patience and faith? On the other hand have we lost anything in our Christian testimony and charity toward others?

In the evening the pastor compared soul-winners to stars, the services being from the text, Dan. 12:3, "And they that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars forever and ever." The stars shine in a higher realm than our earthly lights. When the sun shines we cannot see the stars, so God sometimes removes the sun of earthly prosperity for a time that we may see the heavenly lights. As stars are of different magnitude so soul winners will shine with different degrees of brightness. Stars are a guide to the mariners so there is a great deal of guidance for us in the lives of Christians.

The monthly covenant meeting will be held Thursday evening, followed by the annual meeting of the church.

An hour was profitably spent by the Baptist Endeavor Society in the consideration of the question of how next year may be made better than this has been. The Junior society held an interesting meeting in the afternoon, there being an attendance of seventy-five.

There will be a dime social under the auspices of the local union at the Baptist church parlors Wednesday evening. A literary program will be given and refreshments.

A Christ For Janesville.

"Why not have another Christ born in Janesville?" asked Rev. V. P. Southworth in All Souls church Sunday morning. "Is it because the world does not need such men? Have we grown so good that a real Jesus here and now would be superfluous; or has human nature grown so bad that it cannot any more generate such a man; or does God refuse to reincarnate himself in the life of man. Is He satisfied with the results of one such life?" Mr. Southworth refused to acknowledge the force of any one of these three objections, and closed by saying: "Here in our own city we need a Christ who can stand in the pathway of the conventional stampede and cry 'Halt!' If you want such a Christ in this city, be one yourself. Integrity and uprightness; love and helpfulness can transform you into a savior of men."

There is a strong probability that the sermon will be brought out in pamphlet form by Mr. Southworth's congregation in the near future.

General James Bintliff delivered an interesting address on "Theosophy" before the Ethical Culture Club in All Souls' church Sunday evening.

At the Congregational church the New Year's sermon by the pastor, Rev. S. P. Wilder, was an especially helpful one. Previous to the sermon the pastor thanked the people in behalf of himself and all future pastors for the pleasant and commodious parsonage provided by them, and invited all members of the church and congregation and all other friends to an informal reception to be held New Year's day from 2 to 5 a. m. and 7 to 10 p. m.

The Ladies' Benevolent society will convene at 10 a. m. and continue throughout the day for those desirous of working. Election of officers. Preparatory service Thursday evening. All members of the congregation are earnestly requested to be present. A New Year's prayer meeting will be held in the parlors of the Congregational church Wednesday morning at 10:30.

Watch Night Services.

Manston of Shippensburg, 10 p. m., love feast in which the Ladies' Aid society will serve hot refreshments free. At 11 o'clock Rev. F. A. Pesse will give a bible reading on "Consecration" and

the last half hour after will be devoted to a consecration service, led by the presiding elder. A cordial invitation is extended to all.

There was an installation of officers and a report on the last six months work at the meeting of the Congregational Church Endeavor society Sunday evening. Eighteen new members have been received since July. The society is free from debt. Its meetings are more largely attended than ever before in its history. The young people were invited by J. T. Wright to be present at the New Year's prayer meeting to be held in the Congregational church at 10 a. m. New Year's day. The union social at the Baptist church was also announced.

The Christmas committee reported over six dollars, and any amount of provisions given by the society among eleven families were made thus happy with a Christmas dinner and substantial provisions enough to last some days.

CREAMERY DEAL MAY FALL FLAT

Hard Times Prevent the Farmers From Raising Ready Cash.

The prospects for the establishing of a \$3,500 creamery by LaPrairie and Harmony farmers is not so bright as at first for when it came time for the farmers to raise the cash, trouble began. A prominent stockholder from the town of Harmony informed a Gazette reporter that there is not enough ready money in sight and the farmers are holding onto what little they have. The Read brothers have offered a bonus of \$300 and a site in the town of LaPrairie, but as yet nothing definite has been done.

## MISS FOCKLER WEDS JOHN K. HOLLOWELL

CEREMONY WAS PERFORMED  
ON SATURDAY NIGHT.

Bride Was Miss Frances E. Willard's Private Secretary While the Groom Is a Geologist and Mine Expert Residing at Chicago—Sickness Called Them to Janesville.

Miss Irene Fockler, until a short time ago private secretary to Miss Frances E. Willard, president of the National W. O. T. U., and John Hollowell, of Chicago, were quietly married at the home of the officiating clergyman, Rev. Dr. Sabin Halsey of Court Street Methodist church, at 9:30 o'clock Saturday evening.

Miss Fockler is well known to Janesville people. She is now connected with this project of making the Willard farm near the city, the "Rest Home" of the National W. O. T. U., and had an office in the Masonic Temple, Chicago. In the same building was also the office of Mr. Hollowell. The latter is a geologist and mine expert, and he and Miss Fockler fell in love. The arrangements for the wedding had been made, and they were to have been married by Rev. Dr. Thomas, of the People's church, Chicago. In the meantime Miss Fockler's father, who resides near this city, had been taken seriously ill, and a dispatch was sent, telling her to come to Janesville at once.

Shortly after this telegram reached her, Rev. Dr. Halsey received a dispatch asking if he would perform the ceremony at the parsonage immediately after the arrival of the Chicago train. When Mr. and Mrs. Hollowell arrived they were driven to Mr. Halsey's home where the knot was tied. Mr. and Mrs. Hollowell are now at the Hotel Myers and yesterday visited Mrs. Hollowell's father who resides in the town of Janesville. The groom represents the "common sense method," for dry concentration of low-grade ores, the process being a patented one. His place of business is in 1534, Masonic Temple.

SENT MANY EXPRESS PACKAGES

Both Janesville Offices Report an Extra Large Trade.

Both local express offices report an extra large holiday business this year, and the employees were much surprised that such should be the case. "Janesville people sent parcels broadcast," remarked a local express clerk. "Besides shipping them to all parts of this country, packages have been sent to England, France, Germany, an in fact to nearly all parts of Europe, while two packages left this city bound for Africa."

Agent Marble of the United States Company, says that the business this year has been a great surprise to him. He thought the hard times would effect it, but his books now show that the receipts are the largest ever known in the history of the company in this city. Agent McLean of the American, says that business has been better than he expected, and one day's receipts show the largest holiday business ever done in the office.

Extra help was required to handle the packages.

REV. W. C. WHITFORD AT MILWAUKEE

The Journal Compliments The College President And Her Institutions.

In speaking of those present at the State Teachers' Association meeting the Milwaukee Journal says: "President W. C. Whitford of Milton College is another old-timer among the educators of the state. His little institution has sent out into the world the largest number of men who have made their mark, in proportion to the total number of students, of any college in the state. Milton is the center of a large population of Seventh Day Baptists, and under the patronage of that sect the college, though always hampered for funds, has accomplished a work that is President Whitford's crown of glory. He served four years as state superintendent, and the same qualities which contributed to his success in Milton college attended his service in the state capital."

MILTON JUNCTION'S AMBITION

Wants to Succeed Janesville As the Metropolis of Rock.

The Milton Junction News says: "Janesville is on the boom, or bum, which? Street cars quit, business men's association dead, coal men can't compete with country towns, and no grain or stock market. Even old Rock has become disgusted and won't furnish water power. Would it not be well to move the county seat to Milton Junction or some other live well to move the county seat to town."

A Fine Line of Overcoats.

The line of English Melton overcoats shown at Zeigler's at \$11.50, are the best values ever offered, as they are handsomely made and trimmed throughout, and are elegant fitters.

\$7.75 For An Irish Frieze.

Zeigler is offering his entire line of black, double breast, Irish Frieze ulsters, cut full length and cassimere lined in the \$10, \$12 qualities at \$7.75.

One Silver Dollar

Will buy of us a good flannel night shirt and a good pair of 35 cent woolen hose. Where can you get more for such a small amount? Frank H. Baack.

By special request we will continue our 45, 75 and 95 cents slipper sale one week. Brown Bros. & Lincoln.

## MRS. W. F. REQUA'S NOTED HYMN

Former Janesville Woman's Talent Is Recognized By Publishers.

The Milwaukee Journal publishes the following in its "Badger Column": "Mrs. E. W. Requa of Stevens Point, has recently come into notice as the author of a hymn, which has appeared in several hymnals as anonymous, beginning: 'I am Dwelling on the Mountains.' She recently received a letter from Zion's Herald stating that the paper had been informed that she was the author of the hymn and asking that she write a sketch of its history. This Mrs. Requa has consented to do and the sketch will appear in the next number of the paper. The hymn was written about fifteen years ago for a magazine, and was published over her signature. Later she was surprised to find that it had been set to music and incorporated in the hymnals, but it had lost its identity and was given as anonymous. Mrs. Requa is the wife of the Rev. Requa, of Stevens Point, who has become quite prominent of late by his attacks upon the various abuses which exist in the community where they live."

UNLOADED GUN WENT "BANG!"

Another Weapon Without Ammunition "Does the Usual Thing."

The "unloaded revolver" is again in evidence. While Fred C. Burpee and Henry Skelly were investigating things in the empty South River street store formerly occupied by Alderman Winslow, Mr. Skelly came across an old desk, and commenced to examine it, while Mr. Burpee went up stairs to shut off the water. Suddenly Mr. Burpee heard an explosion, and rushing down stairs found Mr. Skelly standing speechless with the still smoking revolver in his hand. Skelly had "accidentally" come across it, and it "accidentally" went off.

## THE OVERFLOW OF LOCAL NEWS.

DOES THE C. & N.W. CO.  
OWN THE NEW LINEEXCITEMENT AT CAMBRIDGE  
OVER A TRAIN'S COMING.

This Causes a Revival of the Talk that the Northwestern Will Make the New Road the Main Line to St. Paul, Thus Cutting Off Janesville and Evansville.

A dispatch from Cambridge says the excitement over the arrival of a Northwestern train containing Division Supt. Cowan, Road Master Wright and Train Master Kuhns Monday evening is the theme of conversation. The Northwestern quietly slipped into London about dark Monday made connections and ran a train into Cambridge, and the fact that this was all done immediately after the general contractor had taken a train for Milwaukee caused people to wonder at the new turn of affairs. The workmen have not been paid for their November or December labor and quite a number of farmers through whose land the line runs have not been settled for their property. The train returned to London Tuesday and the officials ordered it to remain on this line of road. The completion of the connections are being made.

The new development is full of mystery to the Cambridge people; whether it means that the company has sold to the Northwestern or that the Northwestern was back of the movement from the outset, gives them plenty to think and talk of during the long winter leisure hours. When the grade was first put in a few years since the Northwestern people declined to operate the road to Cambridge though it were fully completed and turned over to them; that they take possession now would seem to indicate that they expect the road to be extended to and Cambridge.

An Enigmatical Bill of Fare, For a dinner served on the dining cars of the Chicago, Milwaukee & St. Paul Railway, will be sent to any address on receipt of a two cent postage stamp. Apply to George H. Beafford, General Passenger Agent, Old Colony Building, Chicago, Ill.

## Her First Trip by Rail.

At a small railway station in the hilly part of Alabama an old man, carrying a carpet bag and accompanied by his wife, boarded the train. They took the first seat, the old lady sitting near the window. It was apparent that this was their first railway journey. The train started and they both looked eagerly out of the window, and as the speed increased, a look of the keenest anxiety gathered on the old lady's face. She grasped her husband's arm and said, in a voice plainly audible to those about her: "Joel, we be goin' awful quick. I know 'tain't safe." A few minutes later the train ran on to a long trestle. With a little shriek of terror the old lady sprung from her feet and seized the back of the seat in front of her. There she stood, trembling from head to foot, staring from the window. Meantime the train sped onward, and was once more on solid earth. The old lady was quick to note the change. Her features relaxed and she sunk into her seat with the fervent exclamation: "Thank goodness! She's lit again!"—Omaha Bee.

## The Winter Girl.

Away with the girl who's so fond of the wheel;  
Who boasts of a century run.  
Her bloomers and jackets no longer appeal—  
Who cares for the races she's won?  
The weather's suggestive of ice and of snow—  
It's been rather chilly of late—  
And homage we pay, just at present, you know,  
To maidens who know how to skate.

Away with the girl who would imitate man—  
The season's not suited to her—  
And now we want girls of a different plan;  
For who would make bloomers of fur?  
The bicycle girl was all right for a while,  
But now she is quite out of date;  
The bicycle face is eclipsed by the smile  
Of maidens who know how to skate.

Oh, here's to the girl whom in winter we prize;  
Whose cheeks are as red as the rose,  
Who captivates all with her bright, sparkling eyes  
As gracefully gliding she goes.  
Oh, here's to the girl who in winter holds sway,  
Who hovers in hearts will create,  
Who dresses today in a womanly way—  
The maiden who knows how to skate.

—Chicago Evening Post.

## Miss Nightingale's Good Work.

The now venerable Miss Nightingale, whose state of health did not permit her acceptance of the invitation to be present at the dinner to the Balaklava veterans, has devoted much of her time and energy for some years past to the promotion of sanitation in North Bucks, where she has been accustomed to spend much of her later life. She has been the life and soul of a movement for bringing intelligence to bear on the management of the home, and sanitary matters generally, in a district where such a movement was greatly needed. It has been carried on by the technical education committee of the Bucks county council, but Miss Nightingale has been the moving spirit, and very unostentatiously has, in her declining years, been continuing in this way the practical benevolence which so endeared her to all English hearts in the Crimean war.

FLEE FROM A HOME  
THAT IS ALL AFIRENARROW ESCAPE OF DAVID  
GRIFFIN AND FAMILY.

House Was Totally Destroyed Early Sunday Morning and Left Them Without Clothing or Shelter—Incendiarism Is Suspected—Building Was Owned by John Arquette.

The home of David Griffin at the corner of North and Palm streets was totally destroyed by fire at 3 o'clock Sunday morning and Griffin and his wife and four children, barely had time to escape in their night clothes. The fire left the family without clothing or shelter and as they have no insurance the loss falls heavily on them. Incendiarism is suspected.

The fire was discovered by Griffin's eight year old son, Johnny who got up about three o'clock to get a drink of water. He awakened the family and none to soon, for they were forced to flee without even gathering up their clothes. They took refuge at the home of Alex Stamper who resides next door and an alarm was turned in from box 54. The department could get very little water, so the building had to burn. Some of the contents were saved, but nearly everything went up in smoke with the house.

The building was owned by John Arquette and the Loan, Savings & Building Association had a mortgage on it.

Mr. Griffin says he was up at 1 o'clock and that there was no signs of fire then, so incendiarism is suspected.

The alarm sent in at 7 o'clock Sunday morning was from the Janesville Machine company's plant and was due to a derangement of the automatic sprinkler system.

There was no fire.

## A Doctor's Ten Million Footsteps.

A Swiss doctor has counted by pedometer the number of his footsteps during the year. They came to 9,760,000, an average of 26,740 daily. Of the whole, from 600,000 to 700,000 steps were taken up and down staircases, or from 1,500 to 2,000 a day. Reckoning two steps a second and two meters for three steps, the distance covered is more than seventeen kilometers—say ten miles a day. It is to be concluded that the doctor does not keep a brougham and has a large practice.

## THIS DAY IN HISTORY.

40—Titus, Roman emperor, born; died 81.  
1504—Queen Isabella of Spain, patron of Columbus, died; born 1451.

1787—Otto von Kotzebue, explorer of the coast of Russian America, born in Ressel, Russia; died there 1846.  
1861—The banks in New York, Philadelphia and Boston suspended specie payment.

ISABELLA I. Laws were passed in the various states to protect the banks from penalties. Specie payment was resumed early in 1869.  
1861—The Delavan House burned at Albany; 13 lives lost. Amelia Jenks Bloomer, reformer, who introduced the "bloomer" costume, died in Council Bluffs, Ia.; born 1818.

MAY FILE CLAIMS HERE.  
The growth of English territory without formal concessions is one of the most interesting features of the Venezuelan controversy.

"We can't abandon our claim," Lord Salisbury declares, "because Englishmen have formed a settlement in the disputed territory."

For that matter Englishmen are about the only residents of New Victoria Station, Montana. Does Lord Salisbury intend to annex part of Montana on that account? He would have the same justification that he has for laying hands on South American territory.

It should not be forgotten in considering the question that the "Statesman's Year Book" for 1885 gave the area of British Guiana as 79,000 square miles, while the edition of 1895 puts it at 109,000 square miles. Thus within ten years there has been an increase of 33,000 square miles, and yet there has been no recognized proceeding for such an acquisition of territory. The "Year Book" is a standard British authority on geography and statistics, but this remarkable variation needs explanation, to say the least.

FIRES EAT UP PROFITS.  
It costs this country a good deal of money to get along with buildings that are not fire-proof. Paris, with a population of 2,447,975, had 1104 fires in 1894, with a loss of \$1,083,672. In New York, whose population is 1,801,739, the number of fires in the same year was 4075, causing a loss of \$4,208,553. The total cost of the Paris fire department in 1894 was \$521,729, and that of New York \$2,268,742. Eight lives were lost at fires in Paris and twenty at fires in New York. The indirect loss by interruption to business and heavy premiums is not stated, but the same proportion will hold good. Fires cost New York at least \$8,000,000 or \$10,000,000 more a year than Paris. It is an item of tremendous waste, but the American people are giving it scarcely a serious thought.

UTAH'S NEW WRINKLES.  
Utah has incorporated some new ideas in its constitution. For instance Utah juries are to consist of eight men instead of twelve and six of the number may render a verdict. Another provision is to the effect that the state shall never go into debt exceeding \$200,000, except in case of insurrection; and another guarantees to every citizen the right to obtain employment wherever possible, and makes any interference with this right a crime. It is generally known, of course, that suffrage is given to women on equal terms with men.

The Gazette's remark that "some of the aspirants for the republican state central committee chairmanship must have been washed away in the Christmas rains" leads the Milwaukee Wisconsin to suggest that "the party doesn't have to confer the honor on an aspirant. It should select a capable man like Cham Ingersoll."

When the time comes republicans in congress will readjust the whole tariff on sound protective lines. At present they are trying simply to back up the president in his demand for funds.

There is a shortage—Mr. Carlisle admits that—but he can't believe it is due to lack of revenue. He thinks the money just shrinks after it gets into the vaults.

There is a hint of business recovery in the immigration figures—230,000 this year against 167,663 in 1894. In 1893, however, the arrivals numbered 352,994.

Just prove that the present tariff law gives him all the revenue he needs. Mr. Cleveland is preparing to sell another batch of bonds.

## A Harmless Beautifier.

Few women realize that the skin must be fed as well as the body; for if not it will become dry and wrinkled and look like old cracked leather.

To omit washing the face at night is a great mistake; on retiring this is really of more importance than it is in the morning. It should be bathed in warm water and dried, gently but thoroughly. Then take some good emollient, such as English cold cream or fragrant creme Beatrice, and rub it faithfully with the fingers until all of it is quite absorbed; the hands, neck and arms should be treated in the same manner. If these directions are carefully followed the skin will retain its youthful softness and the face its plumpness of contour long after middle age is passed.—Godey's Magazine.

## Debt of Home Missions.

The Congregational Home Missionary Society reports a present debt to the banks of \$179,000. Of this sum \$109,000 is secured by collateral and \$70,000 by the general credit of the society; and as that limit has been reached, it is impossible to borrow more, and the treasurer is dependent upon the daily receipts for the funds with which to pay the salaries of the missionaries.

## ARE YOU THIN?

Do You Want to Become  
Fleshy?

## A FEW SIMPLE RULES

## Flesh and Not Fat Is What Is Needed.

What thin people want is flesh and not fat. To be symmetrical and properly proportioned, every person should have a certain amount of flesh. To be plump does not necessarily mean to be fat. Fat is undesirable, it clogs and retards the action of every muscle, interferes with the healthy action of the heart and lungs, and when excession predisposes of fatty degeneration of vital organs; to say nothing of the discomfort more or less, resulting from excessive dispo-

Common sense would suggest, that if one wishes to become fleshy and plump, the thing most needed would be flesh forming foods, in other words albuminous foods, like eggs, beef, oatmeal, etc. The kinds of food that make flesh are the foods that form the greater part of our daily bill of fare.

Now, the only reason so many people remain thin is because their stomachs do not properly and completely digest and assimilate the flesh-forming beef steak and eggs we eat every day.

There are thousands of such people and they are really dyspeptics, although they may not suffer any particular pain or inconvenience from their stomachs. If such persons would take with their meals some preparation like Stuart's Dyspepsia Tablets the food would be quickly digested and the proper degree of plumpness very soon secured, because these Tablets are prepared exactly for that purpose. They will digest every variety of flesh-forming food, which is the sole reason why they so quickly build up and strengthen thin, dyspeptic men and women.

Stuart's Dyspepsia Tablets cure dyspepsia and every form of indigestion on this common sense plan, that they digest the food promptly, giving strength to every nerve and organ in the body, while at the same time the stomach has a chance to rest and recover its natural vigor. Nothing further is required to cure any stomach trouble or to make thin, dyspeptic people strong, plump and well.

This excellent preparation is manufactured by the Stuart Chemical Co., Marshall, Mich., and sold by druggists everywhere at 50 cents per package.

## OFFICER HOGAN HELD THE BIGGEST HAND

### CARD GAME STOPPED WHEN HE CAME IN.

Five Men Were Arrested and Three Appear in Court While One "Skipped" and Another Hid—Say They Were Not Playing For Money—Other Court Proceedings.

What kind of a game was being played when Officer Hogan raided a room over Toole's saloon Saturday night? Did the "chips" that were in use represent a money value?

Or were they just "counters"? These three questions are of considerable importance to John Cobb, W. L. Stoddard, E. C. Lloyd, Asa Phelps and Wallace Hallett. These gentlemen were engaged in a game of cards when Officer Hogan called at 9 o'clock Saturday night. The officer placed them under arrest, and all agreed to be on hand at the municipal court this morning. But they did not all keep their word. The first mentioned three were in court at the appointed hour, but Phelps had taken the morning train for Chicago, while Hallett was not yet in evidence. The officers were confident that they could and Hallett and a warrant was issued for both he and Phelps. The defendants all pleaded not guilty claiming that they were not playing for money, but that the chips were simply used to keep score with. The cases were adjourned until tomorrow morning at 9 o'clock. District Attorney Jackson appeared for the state and E. F. Carpenter for Cobb and Lloyd.

R. J. Finley's Saloon Open. Richard F. Finley, proprietor of a saloon on West Milwaukee street was also up before the court this morning. Chief Acheson having signed a complaint charging him with keeping his place open on Sunday. Finley pleaded guilty and Judge Phelps assessed him \$25 and costs, or \$28.15 in all, for violating the city ordinance regulating the sale of liquor.

Flora Schultz, a young girl who was idle about town, was sent to the State industrial school for girls at Milwaukee this morning. Her mother, Paulina Schultz, swore with tears in her eyes that she could not support the girl and that the latter had no way of making a living, so sentence was pronounced.

Tessie Jones, formerly of this city, and Miss Trucky of Chicago, were arrested by Officer Hogan Saturday night on a charge of vagrancy. They were brought into court this afternoon and discharged on the payment of the costs.

### THE T. W. COOKING CLUB'S MEETING

## No Faith in the Instrument.

One of the first things the observant nurse does when a new patient enters the hospital and is put to bed is to place a delicately constructed thermometer under the sick one's tongue and get the temperature. A chambermaid from one of the downtown hotels was taken to one of the city hospitals not long ago and the above described operation was performed at once.

"What in the wurruld are yez doing that for?" she asked after the nurse got through.

"I'm merely taking your temperature," responded the maid with the muslin cap.

"Rats!" said the occupant of the sick couch. "How are yez going to tell by that little thing whether I've got a temper or not?"—Washington Star.

## Money Talks, Though.

A—I learn that M. Dumbman, the deaf mute, is very rich.

B—Yes, I knew that.

"But I got a different impression from what you said about him."

"How so?"

"You said he had no money to speak of."

"Well, did you ever hear him speak of it?"—Tammany Times.

## A Provident Parent.

Visitor—I notice everybody calls your son major. He seems rather young to have risen to that rank, but I suppose—

Mr. Brown (of Georgia)—It's his Christian name, suh. I gave him the name so he couldn't be handicapped all his life by lack of a title, as I have been, suh!—Chicago Tribune.

## Of Two Evils.

"I speak plainly, I believe," said Mrs. Newin, decisively. "When I say that in riding a wheel I shall wear bloomers or nothing, despite your objection."

"You do speak plainly," replied Mr. N., in the voice of one who has given up, "and I have nothing more to say. I prefer the bloomers to the alternative."—Judge.

## Youthful Wisdom.

"Did you tell that awful bore who called that I had gone to Calcutta?"

"Yes sir; I said you started this morning."

"Good boy. What did he say?"

"He wished to know when you'd return, and I told him I didn't think you'd be back till after lunch, sir."—Tid-Bits.

## Feminine Self-Denial.

Mrs. Witherby—I saw a beautiful arm-chair to-day for \$30 that I came near getting.

Witherby—Great Scott, you didn't, did you?

Mrs. Witherby—No; I restrained myself and bought a bonnet instead.—Town Topics.

## Tells It to Mrs. Browne.

"Browne tells a good club story, doesn't he?"

"Well, yes, very late at night."

"When he has grown mellow, I suppose?"

"No; it's after he gets home."—Chicago Record.

## Evidence of It.

Mr. Dolley—Do you know what Miss Foodick's religion is?

Mr. Gurley—No; do you?

"Yes; she's a Shaker."

"Nonsense."

"Yes, she is. She shook me."—N. Y. World.

## He Didn't Collect It.

"The world owes me a living," he said, bitterly.

"Of course," replied the other, sarcastically.

"But I don't seem to get it."

"Well, you never were much good as a collector."—Chicago Evening Post.

## He Was Captious.

She stuttered so, that when with his proposal she concurred,

He said he couldn't credit her

Because she broke her word.

—Richmond Dispatch.

## NO WONDER.

She—And, Baron, how are you getting on with Miss Moneybags?

He—Ah! very nice indeed, thank you.

She smile upon my suit.—Ally Sloper.

## A Sorry Truth.

The world will come to those who wait.

It has been truly said,

But when it does, oh, sorry fate!

It's apt to find them dead.

—L. A. W. Bulletin.

## The Dreariness of Perfection.

Miss Prim—When people become fully civilized there will be no more foolish love-making.

Jack Goodfellow—I suppose not. There wouldn't be a girl left worth spooning over!—Truth.

## Letting the Tailor Worry.

Mersey—Gad, old man, that's a pretty stiff sum to owe one's tailor. Doesn't it bother you a bit?

Harold—No, I have troubles enough of my own.—Town Topics.

## An Answer Short and Rude.

Mrs. Tiff—I know we quarrel sometimes, but just tell me what your life would be worth without me?

Mr. Tiff—Worth living. —Day City Chat.

## Why He Stopped.

Cobbie—Miss Spinlow says that you don't write any more poetry to her.

What's the matter, old man?

Stone—I am trying to marry her.—N. Y. World.

## Russian Alliance Denied.

London, Dec. 30.—The Berlin correspondent of the Standard says: "I have excellent reason to state that the reports of an agreement between Russia and the United States about Venezuela are unfounded. On the contrary, the czar was painfully surprised at President Cleveland's message and any war involving England would be unwelcome to the Russian court on the approach of the coronation."

## Strikers Confident of Success.

New York, Dec. 30.—The executive committee of the Brotherhood of Tailors has not yet decided definitely as to the location of the two co-operative shops which they propose opening in a few days, and for which \$1,000 has been appropriated from the funds of the brotherhood. Leader Schoenfeld is sanguine that the proposed plan will prove successful and will eventually lead to the total extinction of the contractors.

## Many Vessels for the Lakes.

New York, Dec. 30.—The Nixon shipyard on Staten Island sound has received a contract for boats which, if placed lengthwise on the shore, would extend for a quarter of a mile. The order is from the Cleveland Steel Canal-boat company for thirteen vessels for lake and canal freight service, three steamers and ten barges. They will each carry wheat, gathering it at the lake ports and bringing it through the Erie canal direct to New York.

## Opportunity for Train Robbers.

Denver, Col., Dec. 30.—I. B. Porter of this city, who has been chosen president of the New York mining stock exchange, will be escorted to New York by a number of business men of Colorado. A special train will be run, carrying at least \$1,000,000 worth of ores, besides millions of pure gold, under the protection of armed guards. The Colorado party will attend the first call on the New York exchange.

## Weekly Bank Statement.

Austin is now in his sixty-first year.

**A Cook's Son Becomes a Premier.**

The son of a cook is now premier of Austria. His name is Casimir Felix Badeni, and thus far in life he has basked in the sunshine of fortune's smile. His luck began two years before he was born, when his father, who had been a very good cook to one of the last kings of Poland, was executed. Then a relative died and left Casimir and his brother several million dollars. Casimir procured an excellent education, entered the Austrian service and was finally appointed prime minister by Emperor Franz Josef.

COUNT BADENI.

**Kept His Word.**

An examiner at Edinburgh university had made himself obnoxious by warning the students against putting their hats on his desk. The university in the Scottish capital is remarkable for a scarcity of cloak rooms, and in the excitement of examinations hats are, or used to be, flung down anywhere.

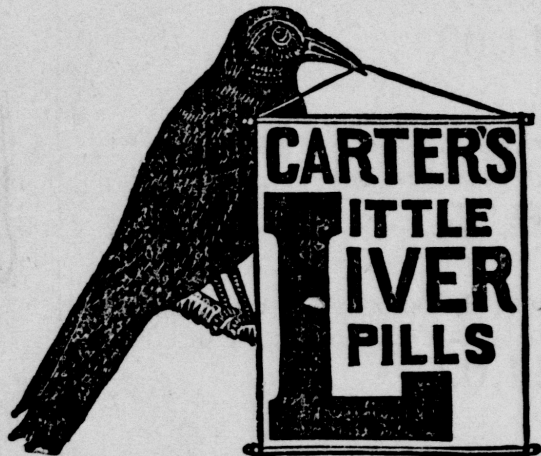

The examiner announced one day that if he ever found another hat on his desk he would rip it up. The next day no hats were laid there when the students assembled. Presently, however, the examiner was called out of the room. Then some naughty undergraduate slipped from his seat, got the examiner's own hat, and placed it on his desk. When the examiner reentered the hall every eye was fixed upon him. He observed the hat and gleam of triumph shot across his face.

"Gentlemen," he said, "I told you what would happen if this occurred again."

Then he took his penknife from his pocket, opened it and blandly cut the hat in pieces, amidst prolonged applause.

What he said when he discovered that he had destroyed his own hat the story does not say.

"Ah," he sighed, as his wife went to confer with the delegation of her constituents, "this is no such campaign as mother used to make."—Detroit Tribune.

## THREE DOGS BARKED

incessantly in a neighbor's yard from 1 a. m. to 3 a. m. this morning, and for two mortal hours the ad. man didn't have a thing to do but lie on his back and think. He thought what a nuisance the dogs were and wished they were dog-goned, and he also thought of a few things that have been clamoring for a word in the papers, so he tumbled out of bed

**And Wrote This Ad.**

He might have forgotten all about these special items, except that the canine disturbances reminded him that the prices of some things were certainly going to the dogs.

**For Instance:**

Cassimere Working Pants that sold early in the season for \$2.00 go now for \$1.50, and the \$1.75 sort go at \$1.25, and the \$1.50 sort at \$1.00. Again there are five dozen stiff Hats, the latest spring style if you please, worth \$3.00, will go while they last for \$2.00; \$1.50 Plush Caps go at \$1.00, and there is a whole lot of truth in that.

**FRANK H. BAACK.**
